Chae, I completely understand your workload situation and please don't feel bad about not being involved. I think it's worked pretty well with Dustan consulting with you, relaying comments, and coming to the meetings (or most of them). I don't have an agenda for the Oct. meeting yet, but I can ask them to make sure the enforcement part is clearly indicated on the agenda and at a time where you could come and go in a day. And I will go ahead and reserve two GOVs so that one is available for you or others that end up only being able to come for a day.

Hi Claire. Is it possible for me to attend just the enforcement portion? We have lost 3 people in our unit and my workload has skyrocketed. Sorry for being such a poor participant. Also, if our travel budget doesn't allow it, Union is not that far away driving and I am willing to just show up in my POV. I have taken a pretty thorough look at the discussion guide for the permit/compliance and I am compiling my comments.
